# Music Databases at the Bavarian State Library

Jürgen Diet, Deputy Head of the BSB Music Department

Some facts of the Bavarian State Library

- founded in 1558

- 11.1 million volumes

- yearly increase by 117.000 volumes

- 787 employees

- total expenses: 58 million €

- 8 million € third-party funds from 46 projects

Some facts of the Bavarian State Library

- 2.9 million digitized works

- 376 million image files

- yearly downloads of digitized works: 805.000

- data volume in long-term archive: 1.15 PB

- yearly increase in long-term archive: 1.34 TB

The Music Department of the Bavarian State Library

- 482,000 music prints

- 77,700 music manuscripts

- 355 bequests

- 100,600 sound carriers

- 172,500 books on music

Digitization in the Bavarian State Library

Four different ways to finance the digitization:

- third-party funds

- digitization on demand

- digitization with BSB-funds

- public-privat-partnership with Google

Digitizations of musical objects

BSB has digitized a lot of

- books on music (monographs)
- music journals
- music prints
- music manuscripts
- libretti

see http://bsb.bayern/musikdigitalisate

Access to the digitized objects of the BSB

- Searching and browsing in all digitized objects:
  https://www.digitale-sammlungen.de/en

- Access via the „Read Online"-Button in the BSB-OPAC, e.g:

https://opacplus.bsb-muenchen.de/search?id=1153991826&db=100&View=default

Access to the digitized objects of the BSB

- Specialized search interfaces for

  - part books: https://stimmbuecher.digitale-sammlungen.de

  - libretti: https://libretti.digitale-sammlungen.de

BSB's digitized objects in other search environments

- https://www.europeana.eu

- https://www.deutsche-digitale-bibliothek.de/?lang=en

- https://books.google.com

- https://imslp.org/wiki/Category:Scores_from_Bayerische_Staatsbibliothek

- https://www.loc.gov/collections/music-treasures-consortium/about-this-collection

Full-text search in the digitized objects of the BSB

Full-text search in the digitized objects of the BSB

- via www.digitale-sammlungen.de :

Search the Digital Collections

Discover **2,837,533** Digitized Manuscripts, Prints, Music, Maps, Photographs, Newspapers and Magazines, over 97% of them available via iiif.

Search metadata and full texts

Search ☑ metadata ☑ full texts

Full-text search in music prints based on OMR

scoresearch application:
https://scoresearch.musiconn.de

The musiconn project

musiconn.scoresearch is one work package of the musiconn project (www.musiconn.de)

another musiconn work package is musiconn.search, a meta-search in 18 data sources:

https://www.musiconn.de/metaopac/start.do?View=mus&SearchType=2

Data sources in musiconn.search
